

Massage Therapy Diploma Program (88 Weeks)

Program Summary

The Massage Therapy program ensures individual attention is given to all students through limited enrollment and direct interaction with the instructors. With a strong foundation in human functioning, the Massage Therapy program introduces the students to a variety of soft tissue manipulation techniques to treat stress, pain and other physical conditions and disorders. Students develop specialized knowledge, skills, and judgment for conducting a systematic client assessment, formulating a comprehensive and clinical impression and developing a specific treatment plan. The program emphasizes respect for clients and is designed to facilitate the student's growth as a health care professional.

Employment opportunities

Dynamic employment prospects exist for graduates in private clinics, hospitals, spas, wellness centres and geriatric facilities. Self employment is also an option which is growing in popularity.

Prerequisites

- Grade 12 diploma or equivalent or mature student status (18 years of age).
- Passing score on the Trillium College entrance evaluation.
- Successful interview with a Registrar.
- Proof of recent medical examination and immunization.
- Grade 11 Pre-College Biology with a minimum of 75% average or completion of a Pre-Science/Health Course with a 75% average.
- Submission of a negative CPIC.

Graduation Requirements

- An overall average of 70% must be obtained to graduate with a minimum mark of 60% in each module.

Graduate Statistics

- The campus Registrar will provide each applicant with current Key Performance Indicators KPIs for his/her program. Applicants can view KPIs at www.osap.gov.on.ca.

College of Massage Therapists of Ontario

To practice as a Registered Massage Therapist (RMT) in Ontario, students must be registered with the College of Massage Therapists of Ontario (CMTO).

To obtain a CMTO registration, students must successfully complete the CMTO certification examinations which can only be accomplished with a recommendation after completion of a program from a recognized training institution.
